

Travaux récents utilisant la Plateforme MIM

Articles à comité de lecture

- 2012 Delpy F., Pagano M., Blanchot J., Carlotti F., Thibault-Botha D., 2012. Man-induced hydrological changes, metazooplankton communities and invasive species in the Berre Lagoon (Mediterranean Sea, France). *Marine Pollution Bulletin*, 64(9): 1921-1932

Congrès : posters et conférences

- 2013 Le Moal M., Collin H., and Biegala I.C. Intriguing diversity among diazotrophic picoplankton along a Mediterranean transect: a dominance of Rhizobia. ASLO Aquatic Science Meeting, New-Orleans, USA, 17-22 février **AND** SAME-13 the first EMBO conference on Aquatic Microbial Ecology, Stresa, 8-13 septembre

V.Riou, Roukaerts A., Fonseca Batista D., Piniella AEM, Loureiro C., Santos M., Medeiros A., Gomes S., Prakya S.R., Elskens M., Martins A., Biegala I.C., Dehairs F. Impact of contrasting physic-chemical conditions at the North-Western Azores Front on N₂, CO₂-fixation and the abundance of diazotrophic unicellular cyanobacteria. ASLO International Conference, New-Orleans, USA, 17-22 février **AND** EUROFLEET 4th General Assembly, 24 septembre.

Hamza I., Le Moal M., Periot M., Ridame C., Tanaka T. and Biegala I.C. Nutrients and Saharan dust events control unicellular diazotrophic cyanobacteria development in oligotrophic Mediterranean Sea. ASLO Aquatic Science Meeting, New-Orleans, USA, 17-22 février.

Delpy F., Boyer S., Pagano M., Thibault-Botha D., Blanchot J., Bonnet D., 2013. Does latitude matter? A comparison of three non-indigenous species between the North and Mediterranean Seas. Non indigenous species in the North East Atlantic 20-22 novembre 2013, Ostend, Belgique

Delpy F., Pagano M., Blanchot J., Thibault-Botha D., 2013. Effect of the concentration and prey types on the ingestion of the invasive ctenophore *Mnemiopsis leidyi* (Agassiz, 1865) in the Berre Lagoon (France). 40th CIESM Congress, 28 October - 1 November 2013, Marseille, France

Thibault-Botha D., Santo M., Neauport M., 2013. Galetinous zooplankton in the Bay of Marseilles – Potential control of fish population over the artificial reefs?. 40th CIESM Congress, 28 October - 1 November 2013, Marseille, France

Thibault-Botha D., Delpy F., Pagano M., Blanchot J., Leon S., Hunt B., 2013. *Mnemiopsis leidyi* invasive success in the Berre Lagoon and impact on the ecosystem structure and functioning? 4th International jellyfish Bloom Symposium, 5-8 June 2013, Hiroshima, Japan

- 2012 V.Riou, Roukaerts A., Fonseca Batista D., Piniella AEM, Loureiro C., Santos M., Medeiros A., Gomes S., Prakya S.R., Elskens M., Martins A., Biegala I.C., Dehairs F. DIAPICNA : Impact of contrasting physic-chemical conditions at the North-Western Azores Front on N₂, CO₂-fixation and the abundance of diazotrophic unicellular cyanobacteria. EUROFLEET, Final Meeting, may.

Delpy F., Pagano M., Blanchot J. et Thibault-Botha D., 2012. Impact des changements hydrologiques sur la communauté zooplanctonique de l'Etang de Berre : le cas des proliférations d'organismes gélatineux. LAGUN'R Recherche et Restauration, Rencontres Scientifiques autour de l'étang de Berre. 14-15 Mars 2011, Europole de l'Arbois, Aix-en-provence, France.

Presse

- 2012 « Le Phytoplancton à quoi ça sert : de l'origine de la vie aux biocarburants », **La Provence**, I. Biegla
